PETITION

PURSUANT TO 37 CFR 1.47 INVOLVING THE REFUSAL

OF A CO-INVENTOR TO EXECUTE THE POWER OF ATTORNEY

Pursuant to 37 CFR 1.47, counsel for the inventors makes the above-identified Petition according to the following facts:

1. The Patent Office has issued an A Notice to File Missing Parts of Nonprovisional Application—Filing Date Granted, on February 20, 2001.
2. As of today's date, all of the necessary Power of Attorney documents have been executed by David P. Francis, John M. Melby, Aaron J. Bly, Ryan J. Sherman, Andrew F. Suhy, Jr., and Patrick O'Brien, but not by Brent C. Parent.
3. As of today's date, all remaining issues raised in the Notice to File Missing Parts have been addressed.
4. At the time that the above-identified international application was filed, Dana Corporation employed Mr. Parent. Sometime after the application was filed, Mr. Parent ceased his employment with Dana Corporation. Papers showing the Assignment of the application by the inventors, including Mr. Parent, shall be filed shortly.
5. On February 16, 2001, a letter was sent to Brent C. Parent at his last known home address of 247 Stone Oak Court, Holland, Ohio 43528, requesting that he execute the Power of Attorney for the above-identified application, as shown in paragraph 2 of the letter. A copy of

the letter as well as a copy of the Combined Declaration and Power of Attorney form sent to Mr. Parent is attached as Exhibit A.

6. Confirmation that Mr. Parent in fact received the contents of Exhibit A is shown on the Federal Express Scan Detail Report attached as Exhibit B. The delivery receipt was signed by a family member.

7. On Monday, March 12, 2001, the undersigned personally contacted Mr. Parent at his home address by telephone. Mr. Parent informed the undersigned that he had thrown away any materials that had been sent to him that related to his former employer, Dana Corporation. He suggested that he was throwing away "hundreds of pounds" of material each week. The undersigned explained the necessity to receive Mr. Parent's assistance with respect to execution of the various documents associated with the earlier sent letter and indicated that the materials would again be sent out again for this review and execution. Mr. Parent confirmed during the discussion that it would not be difficult to use an enclosed self-address stamped Federal Express envelope to return the executed documents to the undersigned. Mr. Parent was also informed of the necessity to receive the documents no later than March 16, 2001.

8. Attached as Exhibit C is a copy of a letter sent to Mr. Parent on March 13, 2001, enclosing a copy of the letter dated February 16, 2001, as well as the various attachments identified in the earlier letter.

9. A confirmation that the letter dated March 13, 2001, was in fact received at Mr. Parent's home is attached as Exhibit D.

10. On Thursday, March 15, 2001, the legal secretary for the undersigned left a message for Mr. Parent noting the deadline of March 16, 2001, and the fact that no materials had yet been received from him.

11. On Friday, March 16, 2001, the legal secretary for the undersigned retrieved a voice mail message apparently from the wife of Mr. Parent, confirming that he had not executed any of the documents associated with the letter dated March 13, 2001.

12. Subsequently, on March 29, 2001, the legal secretary for the undersigned had a telephone conference with Mr. Parent, following up on the second package. Mr. Parent continued to refuse to sign and send the formal papers.

37 CFR 1.47(a) notes that if a joint inventor refuses to join in an application for patent or cannot be found or reached after diligent effort, the application may be made by the other inventor on behalf of himself or herself and the non-signing inventor. It is respectfully submitted

that with the submission of Combined Declaration and Power of Attorney documents from all of the other inventors, the application for patent has been appropriately made by the other inventors.

Further, in view of the facts noted above, it is respectfully submitted that diligent effort has been made to provide the non-signing inventor with the necessary document.

Therefore, in view of the foregoing statements and accompanying exhibits, it is respectfully submitted that a proper showing has been made pursuant to 37 CFR 1.47 to address the Notice to File Missing Parts.

Respectfully submitted,

Date: April 19, 2001

Re: Various Power of Attorney Documents

Dear Brent:

Thank you for speaking with me last night. I understand that you have been throwing away materials that you have received from Dana Corporation. At your request, we are enclosing another copy of the materials that were originally sent to you. As I indicated, I have already received signed copies of the necessary documents from the other inventors, including Andy Suhy. Therefore, your assistance would be greatly appreciated in executing and returning the materials as indicated in our earlier letter. The absolute deadline by which I must have the papers is Friday, March 16, 2001, because of one of your international applications.

With your assistance, I will keep you informed concerning the status of the various applications, and make sure to provide you a copy of any issued patents so that you may update your resume accordingly.

Thank you for your assistance and I look forward to receiving the materials later this week. For your convenience, we again enclose a self-addressed Federal Express envelope. We will pay for the shipping charges associated with the return of the materials. You confirmed that using Federal Express would not pose a problem for you.

Very truly yours,

RADER, FISHMAN & GRAUER PLLC
